FOR IMMEDIATE RELEASE

MD Aircraft Signs LOI for 10 MDA1 Aircraft with Makmor in India

Friedeburg, Germany – February 2, 2026 – MD Aircraft GmbH announced today that it has signed a Letter of Intent (LOI) for the sale of **10 MDA1 eViator™ aircraft** to **Makmor**, headquartered in Bangalore, India. “MDA’s eViator is the ideal platform for us to establish Makmor as a significant regional operator committed to sustainable aviation.” Said Ravi Andrews, Managing Partner of Makmor.

“We are excited to partner with Makmor and see the MDA1 eViator gaining broader traction in the regional air mobility market,” said **Gregor Müller, CEO of MD Aircraft GmbH**. “This Letter of Intent reflects the increasing **global interest in our all-electric, 9-passenger eCSTOL aircraft**. We look forward to working closely with our growing operator community to ensure that we meet their mission requirements and that we move together toward carbon-free air travel.

"Ravi, Makmor, leveraging **regional and global expertise** - including prior corporate experience with Honeywell Aerospace and Airbus Defence & Space - will transform green air mobility across Indian skies," **remarked Ravi Andrews, Makmor's Founder**. "Fueled by our deep dedication to sustainable aviation, we are energized by the game-changing prospects ahead."

About MD Aircraft GmbH

MD Aircraft GmbH is a German aerospace company dedicated to developing zero emission, quiet, cost-efficient electric aircraft for Regional Air Mobility. MD Aircraft is part of the MD Group including MD Flugzeugbau and MD Composites Technologies GmbH which has over 30 years' experience designing, building, and certifying composite aircraft -- a decade with electric propulsion. MD Aircraft's flagship program, the **MDA1 eViator**, will redefine regional air mobility with initial flight tests in early 2028, and **commercial certification and entry into service targeted for 2030**.

About Makmor

Makmor is a dynamic firm headquartered in Bengaluru, India, blending global reach with deep regional expertise. It embodies growth, expansion, and futuristic innovation, creating business opportunities across diverse sectors like aerospace, defense, agriculture, Automotive, Emerging Technologies, and beyond - delivering solutions that truly transform lives.
